

Double Bolt Pipe Clamp

Material: Carbon Steel

Size Range: " Through 24"

Finish: Electro Galvanized/Zinc High Composite

Designed for Suspending High-temperature

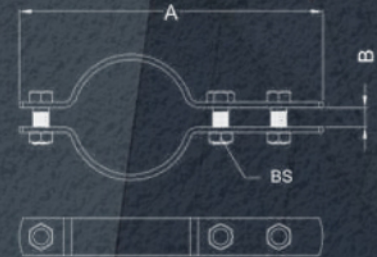

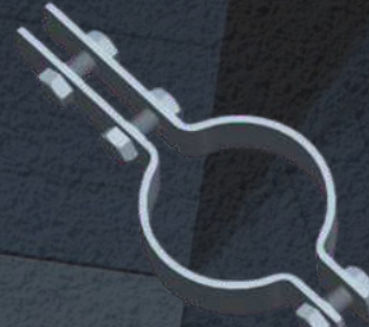

Pipe Runs Requiring up to 4" (101.6mm Thick Insulation

Comply with Federal Specification WW-H-171E and

American

Manufactures Standardization Society MSS SP-605 SP581

Type 3)

Nominal Pipe Size	A	B	BS	Max. Rec. Load
